

activEco
sustainability
in action

We support active young people with learning, exchange and project work.

Become an actor of change for our environment, economy and society!

Take your future in your hands. Go for sustainable transition in Moldova!

**Apply
until 26
March**

Our mission:

Empowering creative and motivated young people through capacity building to focus their energy on transition of our society to sustainable living.

Through activEco Program you can:

- > Learn more about Ecology and Social Entrepreneurship
- > Develop, plan and implement your own project
- > Learn how to work with partners and find resources
- > Be guided by experienced local and international trainers
- > Become a part of an exciting network of activists

The image shows a woman dressed as a bee, wearing a black t-shirt with yellow horizontal stripes and a headband with two antennae. She is holding a green apple in her hands. Behind her is a whiteboard with a project presentation template. The whiteboard has the word "Project" written in blue, followed by "presenta" and a list of questions: "1 what?", "2 why?", "3 with whom?", "4 how?", and "5 why we are special? =>". There are also some orange circles with drawings on the whiteboard. To the right of the whiteboard is a banner for "ECOVISIO" with a green leaf logo. Below the banner is a table with a red cup and other items. The background is a light green wall.

- > You are young and active...
- > You care for environment, economy and society...
- > You are eager to exchange your ideas...
- > You want to try organizing your own project...

THEN activEco IS FOR YOU!!!
